THEN COMES THE DAWN OF THE DRUIDS A military organization sent out into the world to protect the Realms of History that have fallen victim to invasion, the forces of the great evil known as "Dragons" destroyed ancient civilizations such as the Kaldor Empire, the iron city of Xathrian, and many others. That is, until one day the forces of the evil Dragons were defeated in a final battle, and the realm they overran became the sacred sacred land of Altus for the Elves and the Dragon-Slayer. Since then, the vast and seemingly limitless lands east of the Rivers of Verra have been sealed off with a military zone known as the "Rift", and a new nation, the "Lands Between", has arisen. Before long, the lands of the Elves, Dwarves, and Humans that inhabit the Dwarven nation of Elvenglen, as well as those of the Elves from the planet Rax-Theldra, have been taken over by human forces. The Elves and Dragons had a pact, and the words spoken by the young priestess Nazuna were the most potent of the great Elden magic. In the First Ages, these four races coexisted on the mighty continent of Verra, and conquered the other races. Nazuna was the last of her race, and the Holy Dragon Goddess Ivalice deeply loved her. If the legendary Elden Warriors on the continent of Verra are gathering to form the "Elden Ring" to resist the invasion of the Races of Evil, with all their might, surely they will be joined by the Elves and Dragons that live in the lands between. The lands beyond the Rift become the new Elves and Dragons' battleground against the enemy. THE VAST WIDE WORLD OF THE LAND BETWEEN. -If you see the sky get darker. -If you hear the caw of the crows or the cry of the owls. -If you hear the wind rustling the leaves of the trees and the sound of water running. -If you feel a great disturbance in the force. -If you feel an unearthly presence fill your heart. Is this where the legendary Elden Rings were forged in the ancient ages? The world of the Lands Between is the land that is located between the River of Blood and the Valley of Shadow, and which is separated

Another few weeks passed by as I tried to force myself to keep looking through all the submissions, and now I finally have seen all of them. Some really bad ones, some really good ones. Some downright awful, some really good. Some absolutely AMAZING! I can't believe it, but I've written this thing and it's out of my hands, so check it out. There are only 2 submissions left. Let's hope they both pan out. Congrats to the ones that have been accepted. I'll be posting the links here as soon as I can! Now for the winners... THE WINNERS #1: #2: #3: I noticed something very strange on a message board I frequent. Over the course of days, it seemed there was a recent "shift" in the perception of the Biblical text. Previously, the Bible was taken to be about God's condemnation of homosexuality. A few days ago, though, the perception was changed: the Bible was reinterpreted to have been about God's condemnation of racism. When I noticed the new perception, I thought I'd quiz a couple of my friends, as I thought it might be something that needed an exegesis, since it must have been a major "shift" for those in the original audience to have taken such a view. The first person I asked was my supervisor. He replied, "No, he just thinks the text was ambiguous; that's what it was. But he's not so sure anymore." A few days later, my supervisor called me. I asked him about the conversation he'd had with the other two people involved in the "Bible" exchange. He explained the conversation he'd had with them, and also the additional things he had said to them in his blog. As it
